

Concept for different visual solutions to link clickable products in to images

Original

Image with products below. Your content with a twist.

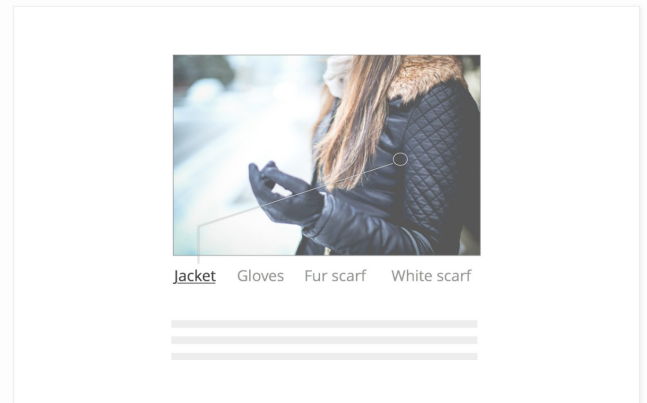

Basic

String of products. For minimal lovers.

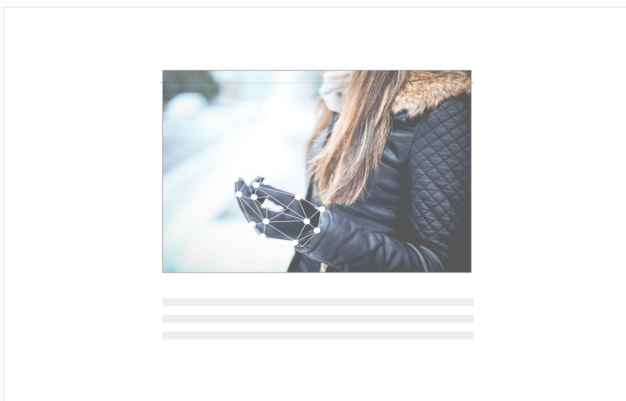

Collage

Layout of products. Perfect for your inspiration looks and sets.

Label

Image and text below. Fit for lean designs.

Clip

Interactive images. Let products come alive.

Redesign of several sections of the application

Bookings list

The previous version of the Bookings list interface shows a list of bookings with columns for time, guest name, email, phone, number of people, and table number. It includes a search bar, a date selector, and a table view toggle.

Time	Guest name	Email	Phone	People	Table
16:00	Fabienne Pimenta	f@ff.com	-	2 People #62x	1
16:00	Sarah Gelbaz			4 People #5kn	1, Hh
16:00	Lucia	l@resmio.com	2	5 People #24z	3
20:00	Michael Marder			2 People #g	1
20:00	Yasha Tarani			6 People #5lc	1, W
20:00	Waldemar Wacker	www@resmio.com	03052649696	2 People #4s3	b

previous version

The new version of the Bookings list interface features a more modern design with a table view, filters for meal type (Breakfast, Lunch, Dinner), and a status column. It includes a search bar, a date selector, and a table view toggle.

Type	Time	Guest name	People	Table	Status
	18:00	Tyler McKenzie	2	T.2	Finished
	18:00	-	5	T.B	Seated
	18:30	Ora Floyd	7	T.A,C	No show
	19:00	Martin Cunningham	2	T.4	Arrived
	19:00	Pauline Cox	4	T.5	Unconfirmed
	19:15	Victor George	6	T.D,E	Confirmed
	19:30	Blanche Norman	2	!	Confirmed
	19:30	Loretta Patrick	3	T.2	Cancelled
